PROFESSIONAL SUMMARY

Detail-oriented and analytical Data Science student at Bellevue University (GPA 4.0), completing a B.S. in May 2026. Hands-on experience in data analysis, visualization, predictive modeling, and statistical methods. Persistent, a clear communicator, a strong team player, and calm under pressure, with a structured, logical approach to problem-solving. Eager to apply technical and analytical skills in a professional data-focused role.

EDUCATION

B.S. in Data Science – Bellevue University – Bellevue, NE

Expected Graduation: May 2026

GPA 4.0

Awards - Dean's List (all semesters)

Relevant Coursework: Data Science, Programming, Statistics, Computer Systems, Data Analysis & Visualization, Data Wrangling, Data & Information Management, Predictive Analytics, Text Mining

TECHNICAL SKILLS

Languages & Tools: Python (Pandas, NumPy, scikit-learn), SQL, Excel, Jupyter; Tableau, Power BI

Analysis & Modeling: Data cleaning & EDA, statistics, hypothesis testing, regression/classification, model evaluation

Visualization: Matplotlib, Seaborn, Tableau, Power BI

Databases & Text: Relational design (ERDs), SQL queries; text cleaning, frequency analysis, basic sentiment

PROJECTS

Data Cleaning & Exploration | Python, Pandas, NumPy – Cleaned CSV/Excel datasets, handled missing values, outliers, performed EDA, summarized trends

Data Visualization & Dashboards | Tableau, Power BI, Python – Built interactive dashboards in Tableau, Power BI, and Python to visualize trends and insights

Predictive Modeling | Python, Scikit-Learn – Developed end-to-end ML pipelines: preprocessing, feature engineering, model training, cross-validation, hyperparameter tuning, and evaluation using accuracy, confusion matrix, ROC/AUC.

Text Analytics | Python, Pandas, NLTK – Cleaned/analyzed text data; performed frequency counts and basic sentiment analysis

Database Design & SQL | SQL, ERD – Created ERDs, built relational databases, and wrote SQL queries to retrieve and summarize customer, supplier, bid, and student data

PROFESSIONAL EXPERIENCE

Elementary Support Instructor – The Clifton Cheder

2025–Present

Provided one-on-one and small-group academic support, tracking student progress and adapting instruction using performance data to improve learning outcomes.

Private Tutor – Self-Employed

Present

Delivered individualized academic instruction and adjusted teaching methods to meet students' needs.

Program & Event Leadership Roles – Various Schools and Camps

2023–2025

Planned and coordinated large-scale programs and productions for 100–400+ participants, managing schedules, roles, and logistics; directed summer day camp operations including staff oversight and enrollment; supervised and mentored campers in team-oriented environments.
